

grab hold a crayon
color me blue
when I am sad
smudge that hue

grab hold a crayon
color me red
make it crimson
on my lily white head

grab hold a crayon
color me grey
i'm not dogmatic
so shade away

grab hold a crayon
color me brown
add your john hancock
n upside frown

thank you for drawing
you're in my esteem
now it's my turn
i'll start with green
